

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

THE NOTICE OF PURCHASED GAS)	
ADJUSTMENT FILING OF MIKE)	CASE NO. 90-077-I
LITTLE GAS COMPANY, INC.)	

O R D E R

On December 7, 1990, the Commission issued its Order in Case No. 90-077 approving certain adjustments in rates and providing under certain conditions for the further adjustment of such rates on a quarterly basis in accordance with the provisions of the gas cost adjustment ("GCA") clause set forth therein.

On June 18, 1993, Mike Little Gas Company, Inc. ("Mike Little") filed its quarterly GCA, which is to become effective August 1, 1993 and is to remain in effect until October 31, 1993.

After reviewing the record in this case and being otherwise sufficiently advised, the Commission finds that:

1. Mike Little's notice of June 18, 1993 set out certain revisions in rates which Mike Little proposed to place into effect, said rates being designed to pass on to its customers the expected wholesale gas cost from its supplier. Mike Little's expected gas cost ("EGC") adjustment for the quarter beginning August 1, 1993 is \$3.7759 per Mcf.

2. Mike Little incorrectly included a current quarter refund adjustment in the amount of 0.38 cents per Mcf. This amount was not the result of a current supplier refund. The amount was

proposed to recover a balance remaining from previous actual adjustments. Pursuant to Mike Little's GCA clause, this adjustment should be incorporated in the actual cost adjustment as an additional adjustment factor reported with the third previous quarter.

3. Mike Little's notice included a current quarter actual adjustment ("AA") in the amount of 7.55 cents per Mcf to compensate for under-recoveries experienced by Mike Little through the operation of its gas cost recovery procedure during the months of February, March, and April 1993. Mike Little's corrected third quarter actual adjustment is (0.15) cents per Mcf. Mike Little's total AA in the amount of 20.25 cents per Mcf is calculated to return the current under-recovery, as well as over and under-recoveries from previous quarters.

4. The combined effect of the above adjustments is Mike Little's gas cost recovery rate ("GCR") in the amount of \$3.9784 per Mcf, an increase of 4.87 cents per Mcf from its last approved rates.

5. The rates set out in the Appendix to this Order, pursuant to the GCA provisions approved by the Commission in its Order in Case No. 90-077 dated December 7, 1990, are fair, just, and reasonable, in the public interest, and should be effective with gas supplied on and after August 1, 1993.

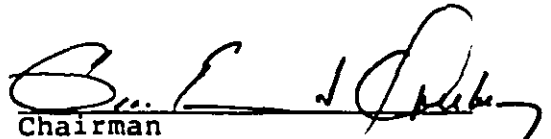

IT IS THEREFORE ORDERED that:

1. The rates in the Appendix, attached hereto and incorporated herein, are fair, just, and reasonable, and are approved effective with gas supplied on and after August 1, 1993.

2. Within 30 days of the date of this Order, Mike Little shall file with this Commission its revised tariffs setting out the rates authorized herein.

Done at Frankfort, Kentucky, this 28th day of July, 1993.
